Charting a New Path in Patient Centric Software

phoenix Go PT

Complete Software Suite for Rehab Therapy

What Is Phoenix Go PT?

Phoenix Go PT is an all-in-one software solution designed to enhance the effectiveness and efficiency of your practice, making your patient interactions more seamless. Our goal is to simplify your work processes and elevate patient satisfaction.

With comprehensive patient charting, customizable workflows, and billing features, Phoenix Go PT offers everything you need without unnecessary distractions. It is presented in a mobile-friendly package, providing you with the tools to save time and streamline your operations.

Whether you're a standalone PT group or part of an Orthopedic Practice using Phoenix Ortho EHR for Therapy, Phoenix Go PT is a complete software suite that can be tailored to your specific needs.

Document FAST... What you need. When you need it.

Save Time.

With everything a therapist needs in one place and nothing that you don't, on a customizable interface, you can save time on each patient interaction.

Document Everything.

Phoenix Go PT brings to the table ALL of the tools your therapists need to completely document a patient encounter.

Access Images.

Quickly access your medical images, such as x-rays, during patient consultations and while working with patients with a convenient iPad app or browser-based access solution.

Treat Patients Simultaneously

Set up several patients at the same time. Move from one patient with moist heat to another receiving Joint Mobility therapy and document everything easily toggling between patient tabs.

phoenix GoPT

Where Motion Meets Management

Fewer Clicks or Taps means a great user experience. Phoenix Go PT enhances every touchpoint of your workflow to make things flow better.

Custom Tailored to YOUR needs. Collaborate with a dedicated customer success team to identify the best solutions for your team, as well as each provider, and determine where to improve current processes.

Keep Your Staff and Therapists Happy. Support your therapists with unlimited lifetime customer support and comprehensive training. Lean on our experts for therapy consulting services to alleviate staff frustrations.

Accelerate Your Revenue Cycle by overcoming any operational bottlenecks that hinder your revenue cycle stages with the right set of tools. Phoenix Go PT all-inclusive software includes:

- Streamlining patient check-ins with intuitive patient engagement
- **Simplifying fax management** with our Al-based solution that analyzes, organizes and automatically routes faxes
- Equipping your staff to enhance patient outcomes using our web-based iPad enhanced app, including capabilities to monitor home exercise programs
- Capture accurate billing codes to make collecting payment faster and easier
- Gaining total visibility of your clinic's financial health with a robust offering of revenue cycle management solutions
